**To: The Parents or Guardians of the Students Attending Kindergarten through 12<sup>th</sup> Grade Schools within ¼ mile of 1123 Cecil Ave, Delano, CA:  
Delano High School and Cecil Avenue Math and Science Academy**

**Residents within 1,000 Feet of 1123 Cecil Ave, Delano, CA**

**Re: Public Notification Requirement of California Health and Safety Code §42301.6  
Project Number: S-1232530  
Project Description: Modification of an Existing Gasoline Dispensing Operation**

Dear Parents/Residents:

The San Joaquin Valley Air Pollution Control District (Air District) has received an application from Jamieson Hill at 1123 Cecil Ave in Delano, CA for the following project:

Modification to install two additional dispensers at an existing gasoline dispensing operation.

Since this project is located within 1,000 feet of the outer bounds of a school site, the California Health & Safety Code §42301.6 requires that you be given this notification and an opportunity to comment on the project before permits are issued.

The Air District has determined that, as proposed, the modification will comply with all Air District regulations. The Air District's analysis of the proposal has determined that the emissions from operation of this equipment will not pose a significant health risk to the school children or to the surrounding public.

Should you have any questions or comments about this project, please submit them in writing within 30 days of the date of this notice to the following:

San Joaquin Valley Air Pollution Control District  
Attn: Karen Hatfield  
1990 E Gettysburg Ave  
Fresno, CA 93726

You may also contact Karen Hatfield at (559) 230-5896.
