

# Education Protection Account (EPA) 2022-2023 Spending Plan (Fund 01)

## BACKGROUND

The creation of the Education Protection Account (EPA) by Proposition 30, *The Schools and Local Public Safety Protection Act of 2012*, approved by the voters on November 6, 2012, temporarily increased the states sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers. Proposition 55 extended Proposition 30 until the year 2030.

Revenues generated from Proposition 30 / Proposition 55 will be deposited into a newly created state account called the EPA and local agencies have the sole authority to determine how the funds received from the EPA are spent, with these provisions:

- The spending plan must be approved by the governing board during a public meeting
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended

*EPA funds are not additional revenue; it is an offset to total LCFF revenue. Approx. 20% of the 22-23 LCFF revenue must be accounted for under the new SACS resource code 1400.*

In addition to the above requirements, the school district annual financial audit must include verification that the EPA funds were used as specified by Proposition 30 / 55.

## RECOMMENDATION

Approve 2022-23 EPA Spending Plan.

2022-23 EPA funds are expected to be received during the 2022-23 fiscal year and a board approved expenditure plan is required so the expenditures can be appropriately applied for the 2022-2023 fiscal year. 2022-23 through 2029-30 are the rest of the years that Proposition 30 / 55 will be effective. EPA spending plans should be approved by the board at the time the district budget for each year is adopted.
