CALIFORNIA COMMUNITY SCHOOLS PARTNERSHIP PROGRAM: IMPLEMENTATION PLAN TEMPLATE

Instructions

This California Community Schools Partnership Program (CCSPP) Implementation Plan Template has been created by the State Transformational Assistance Center for Community Schools (S-TAC), in partnership with the California Department of Education (CDE). This template was designed to support implementation applicants with the requirement of submitting an implementation plan (**per site**) as part of their Request For Application and to support CCSPP grantees with community school implementation more generally. It should be considered a dynamic document that is periodically updated to reflect the progress and needs of your community school(s), legislative updates, and course corrections informed by your continuous improvement and school community engagement processes. The Local Education Agency (LEA) is referenced throughout the template to encourage collaboration between the LEA and sites on the implementation of the CCSPP.

The Implementation Plan should be guided by the <u>California Community Schools Framework</u> (CA CS Framework), and the <u>Capacity-Building Strategies: A Developmental Rubric</u>. To build on existing objectives for community schools, alignment with overarching LEA goals and objectives as stated on Local Control and Accountability Plans (LCAPs) and School Plans for Student Achievement (SPSAs) is strongly recommended.

LEAs and school sites must work collaboratively with community partners, including families/caregivers, staff, students, district leaders, inter-agency representatives, etc., to develop and review the CCSPP Implementation Plan. The Lead LEA, working with school sites, is responsible for the plan and the oversight of any community partners or subcontractors. The LEA should include any partners in the development and review of the plan. It is recommended that the plan be reviewed biannually (twice a year), at least. Note that the Implementation Plan Template asks you to focus on the critical processes that each school and LEA must develop in order to execute the vision of community schools in order to achieve desired outcomes. The Annual Progress Report (APR) will ask grantees to reflect upon and report on those outcomes.

The Implementation Plan will be submitted to CDE as part of the Cohort 3 Implementation Grant by those who are applying. This Implementation Plan Template will be updated as the CCSPP accountability system is developed.

CA CS Framework Overview

A community school is any school serving pre-Kindergarten through high school students through a "whole-child" approach, with an integrated focus on academics, health and social services, youth and community development, and community engagement. It is an equity-driven and assets-building school transformation program.

Adopted in 2022, the CA CS Framework identifies 4 Pillars of Community Schools, Key Conditions for Learning, Cornerstone Commitments, and Proven Practices as follows:

Pillars of Community Schools: Integrated Student Supports; Family and Community Engagement; Collaborative Leadership and Practices for Educators and Administrators and; Extended Learning Time and Opportunities

Key Conditions for Learning in a Community School: Supportive environmental conditions that foster strong relationships and community; Productive instructional strategies that support motivation, competence, and self-directed learning; Social and emotional learning (SEL) that fosters skills, habits, and mindsets that enable academic progress, efficacy, and productive behavior, and; System of supports that enable healthy development, respond to student needs, and address learning barriers.

Cornerstone Commitments of Community Schools: A commitment to assets-driven and strength-based practice; A commitment to racially just and restorative school climates; A commitment to powerful, culturally proficient and relevant instruction; and a commitment to shared decision making and participatory practices.

Proven Practices of Community Schools: Community Asset Mapping and Gap Analysis; A Community School Coordinator; Site-Based and LEA-Based Advisory Councils, and Integrating and Aligning with Other Relevant Programs.

The California Community Schools Framework is synthesized through the <u>Overarching Values</u> and operationalized through the Capacity-Building Strategies: A Developmental Rubric.

More information about these key concepts or community school components can be found at <u>https://www.cde.ca.gov/be/ag/ag/yr22/documents/jan22item02a1.docx</u> and at <u>https://www.acoe.org/Page/2461</u>, including <u>the CA CS Framework</u>.

Capacity-Building Strategies Overview

The S-TAC has launched the *Capacity-Building Strategies: A Developmental Rubric* to serve as a road map for both LEAs and school sites and is meant to enhance the adoption, implementation and sustainability of community schools. The Capacity-Building Strategies include a focus on:

- 1. Shared Commitment, Understanding and Priorities
- 2. Centering Community-based Learning
- 3. Collaborative Leadership
- 4. Sustaining Staff and Resources
- 5. Strategic Community Partnerships

The *Developmental Rubric* can be accessed <u>here</u>, and is best used as a side-by-side companion document as grantees are completing this implementation plan.

Strategies, Priorities and Goals

Describe the main process goals and action steps for the school site's community schools initiative. Add lines as needed. Use the phase-specific activities outlined in the Developmental Rubric as a guide.

Strategy 1: Shared Commitment, Understanding, and Priorities

When interest-holders unite in a shared understanding of and commitment to the community school strategy, it drives democratic collaboration and transparency. Deep listening and authentic relationship-building (via a robust Needs and Assets Assessment process) are critical to identifying collective priorities and for monitoring progress towards meeting shared goals.

Part A: Shared Commitment, Understanding and Priorities Built Around the Overarching Values

After engaging interest-holders to answer the question, "why a community school for my school?", share your response to that question in the box below. In your response, be sure to Indicate how your site's understanding of community schools reflects its commitment to the CA CS Framework through the Overarching Values (Overarching Values can be accessed <u>here</u>):

- 1. Racially-just, relationship-centered spaces
- 2. Shared power
- 3. Classroom-community connections
- 4. A focus on continuous improvement and possibility thinking

Describe the developmental plans for ensuring these values are reflected in your community schools work:

To ensure that Overarching Values are reflected at Nueva Vista Language Academy. the developmental plan includes professional development initiatives for staff focused on cultural competence, implicit bias, and creating inclusive environments. The plan also emphasizes community engagement by fostering dialogue among parents, community members, and students on issues of race, equity, and social justice. Additionally, collaborative leadership teams will be established, encompassing diverse stakeholders such as teachers, parents, and community members, who will be actively involved in decision-making processes. Strengthening partnerships with local organizations and businesses will provide students with real-world learning experiences. Furthermore, utilizing data analytics and assessment tools will enable the school to monitor student progress, identify areas for improvement, and measure impact. These initiatives aim to embed values of racial equity, shared power, community engagement, and continuous improvement into the fabric of Nueva Vista Language Academy's community schools work. Through systematic and collaborative implementation of these strategies, the school endeavors to create a supportive and inclusive environment where all students thrive academically, socially, and emotionally.

Part B: As part of the planning process, you have gone through an initial process of understanding needs and assets. As you initiate the implementation grant process and obtain site-level resources, please reflect on how you will go deeper in this needs and asset assessment process to engage the entire community in identifying their top community school priorities and vision. Please reflect on how you will engage different groups (administrators, certificated staff, classified staff, students, family members, community members and community partners) and identify the processes (e.g., surveys, one-on-one interviews, focus groups, visioning exercises, meetings/forums, etc.) you will use to engage them. Describe how you will engage historically marginalized student and family groups.

Nueva Vista is committed to fostering inclusivity by offering diverse opportunities for student and family groups, including racially marginalized communities, individuals experiencing homelessness, students in foster care, those with disabilities, low-income students, English Learners, and newcomers. The school actively promotes family involvement through events such as Back to School Night, Lunch with Your Child, Grandparents Day, Veteran's Day assembly, and Kindergarten Blast Off. In collaboration with the Delano Police Department, historically marginalized students are identified to participate in "Shop with a Cop," where they shop for Christmas items alongside police officers. Further community collaboration involves partnering with the District office and local churches to identify low-income families and provide Thanksgiving food support. While these efforts aim to engage families in the school community, our primary focus remains on fostering inclusivity.

Recognizing that high participation rates may not equate to universal representation, we are committed to evaluating attendance patterns to address any gaps. Specifically targeting homeless and low-income families, we seek to understand and overcome barriers preventing their engagement with Nueva Vista. To accommodate diverse parent work schedules, engagement opportunities are offered at various times throughout the day. Understanding the challenges faced by low-income families employed in agriculture, school activities conclude later to ensure their opportunity to participate.

Part C: As sites complete the needs and asset assessment process, they identify collective priorities that form the initial focus of their community school implementation efforts. Given your preliminary needs and asset assessment, please share three draft collective priorities that you anticipate arising as you achieve deeper engagement with students, staff, families and community members.

One of the priorities should align with a support listed in the <u>Whole Child and Family Supports</u> <u>Inventory</u> (e.g., integrated student supports, authentic family and community engagement, collaborative leadership, extended learning time and opportunities, positive and restorative school climate, community-based curriculum and pedagogy, etc.). The collective priorities you list below may be the same goals you will ultimately report in the APR, or they may change throughout the course of your first year as you continually engage students, staff, families and community members.

Draft Collective Priority	Outcome/Indicators you aim to improve
Practices that help prevent, reduce, and Chronic absenteeism.	We will track, monitor, hold parent conferences, and refer students to the school social worker in order to reduce chronic absenteeism.
Programs and practices that teach social-emotional skills (e.g., SEL curriculum, mindfulness practices)	We will have a full time School Social Workeron site to support with social and emotional skills.

Strategy 2: Centering Community-Based Learning

Community-Based Learning (CBL) builds on the rich, diverse cultural and linguistic backgrounds of students, families, and educators. Delivered in learning environments that are relationship-centered and ensure a sense of belonging, CBL builds on community assets, cultural wealth, funds of knowledge, and indigenous ways of knowing. Community-Based Learning is powerful instruction that increases student engagement by connecting classroom learning to real-life experiences and to issues that are relevant to students' lives and communities, improving their sense of ownership and agency.

Describe your goals and action steps to assist educators in learning about students and families as well as understanding the theoretical roots and practical elements of community-based learning.

Site Level Goals and Measures of Progress

Goals	Action Steps
Advisory System to ensure every student has a home base/family group and an advisor who knows them well.	We will offer GRIP mentorship through teaching and suppor
Community-Based Curriculum, Pedagogy and Projects	Campus beautification with plants/tiles/garden, etc.

Strategy 3: Collaborative Leadership

Shared decision-making ensures all interest-holders have a voice in the transformation process and fosters shared power of the strategy. Collaborative leadership improves coordination of services, fosters supportive relationships, results in decisions that are widely accepted and implemented, and supports sustainability of the effort.

At the system level, LEAs establish a system-level steering committee/advisory council to conduct exploration activities and to provide crucial guidance to school-level implementers. At the site level, schools map and assess the current shared governance structures (where and how decisions are made) in their building and community, identifying all existing school-site and local neighborhood teams, networks, or working groups to understand their purpose and composition. Schools then launch or revise site-level shared leadership structure(s) to facilitate democratic participation and decision-making among students, staff, families, and community members.

Describe your goals for strengthening collaborative leadership.

Site Level Goals and Measures of Progress

Goals	Action Steps
Parent Leadership Development and Opportunities	Send out information letter Allow parents opportunities to join leadership team Create leadership team Develop/choose development opportunities for parents

Describe the system of shared governance and site-level leadership structure at your community school (this could be a visual like an organizational chart of other graphic):

Principal/ Vice- Principal School Site Staff ELAC School Site Council AVID Leadership

Strategy 4: Sustaining Staff and Resources

A focus on staffing and sustainability ensures that the necessary human and financial resources are available to maintain the strategy over time, and to sustain continuous progress and improvement.

Describe your goals and action steps for ensuring that: staffing serves the target student population, LEAs recruit and hire diverse, multilingual staff to support site-level work, including an LEA-level Community School Director/Coordinator. Schools hire site-level coordinators. Both sites and systems develop sustainability plans to ensure core staffing is sustained through long-term funding.

Site Level Goals and Measures of Progress

Goals	Action Steps
To maintain the School Social Worker position	Advocate with DO personnel on the needs of the school
Fund the School Social Worker position	Currently with CCSPP funding - Possible LCFF?
Fund after school home visit/receptionist	Utilize CCSPP funding

Key Staff/Personnel

Principal	All Site Functions
School Social Worker	Provide counseling services to students and families

Describe the plans or steps you are considering to build sustainability beyond the life of your implementation grant:

Nueva Vista Language Academy intends to collaborate with district staff to explore sustainable funding options for this program, primarily through district funds. If necessary, we are prepared to discuss the possibility of cost-sharing the position using LCFF (Local Control Funding Formula) allocations or other available grants.

Strategy 5: Strategic Community Partnerships

Developing strategic community partnerships allows schools and LEAs to build a stronger network of support and culturally responsive programming and resources for students, educators and families, and to foster a more inclusive, democratic and supportive learning environment that benefits everyone in the community.

In alignment with strategies developed in response to the deep needs and asset assessment, schools identify and establish school-community partnerships who share a holistic focus on students, families and the community. This section should demonstrate your goals and action steps to ensure community partners are actively involved in the planning, development, and continuous improvement of the community school.

Site Level Goals and Measures of Progress

Goals	Action Steps
Work with Shop with a cop	Meet to discuss needs/supports for students in need

Describe the partnerships you have established or plan to establish, and how your school's partnerships will be responsive to the vision and priorities of students, staff, families and community members:

Operation School Bell - uniforms and monetary donations LifeHouse Church - Food distribution center

Site Level Goals and Measures of Progress

Goals	Action Steps
